

Around the Square

It's so quiet in the City Hall nowadays that you can hear a resolution drop. City Clerk Eddie Robertson is off on vacation—at home, the word has it, trying to make up his mind where to go fishing. (There are some beauts in the City Park pond, Eddie but cheezit! Mr. Lauber!)

Eddie's left-hand man, Dorothy Murphy, is back from a week at Arrowhead with a dreamy light in her eye. She spent six months looking forward to that vacation, will spend six months looking back before she can start looking forward again.

Gwen Dewey, bright-eyed, long-bobbed and banged and "highly ornamental" was back in our midst last week for Civic Club installation. She reports all well with her family in Ontario, but that doesn't keep us from wishing they were back here again.

Come now, we like to know what we're paying for.

Headlines:
"Cabinet To Study Critical Oil Shortage."

"San Pedro Sends Largest Oil Shipment to Russia."

The trick, apparently, is not to let your East coast know what your West coast is doing.

Did you see that 4 inch classified last week advertising some sumptuous furniture for sale? Well, everybody else in town did and thereby hangs a tale: The ad was Alice and Bruce McGill's and the furnishings, which would make a dealer drool, were to go on sale from 9 to 5 Friday.

So help us, Alice McGill never got out of her breakfast house-coat that morning. By 11 a. m. everything in the house was sold except two cups for coffee and two glasses for—uh, water. Yes, rates on request!

And while we're talking about the McGills, we note that the Grandview house is sold. We welcome the new residents, but hope the former residents won't desert the old home town.

Canyon Pool Opens This Saturday

"Come on kids! The water's fine!"

Saturday noon most of Sierra Madre's small, intermediate and large fry will be taking belly-whoppers into the Canyon Plunge as it opens for the season.

Complete with a new high dive platform and a new spring-board, the pool already has been filled with sparkling mountain stream water. Director Barbara Heasley and the weather man both predict a big opening day crowd. Hours at the plunge are from 12 noon to 6 p. m. daily including Sundays. According to Mrs. Heasley, an evening schedule will be announced after July 4, and a Water Carnival will be planned for mid-summer.

In conjunction with the opening of the pool, comes the announcement that the Red Cross Water Safety Program will open at the pool July 7, to last through August 15.

Mrs. Audrey Smith, who is to conduct the program, will leave Saturday for the Red Cross Aquatic School at Elsinore for ten days of intensified study and training as a refresher.

Mrs. Smith will supervise lessons from 9 a. m. until 12 noon, five days a week during the program. Classes will include Beginners, Intermediates, Swimmers, Advanced, Junior and Senior Lifesaving.

The only fee is a nominal charge for use of the pool.

Water Tangle To Supreme Court, Maybe

Sierra Madre Joins In New Application

The City of Sierra Madre is included in the application made Friday by 27 municipalities and private interests for a hearing before the Supreme Court of California on the recent decision of the District Court of Appeals concerning water rights in the Raymond Basin.

Last May the District Court reversed the Pasadena Superior Court ruling, revised in 1943, allocating water to Sierra Madre, Arcadia, Monrovia, Pasadena and other cities and privately owned companies.

According to City Attorney Thomas A. Reynolds, the Appeals Court decision apparently was not satisfactory either to Richard C. Goodspeed, who sought the new decision on behalf of the California-Michigan Land and Water Co., or to any other parties involved.

He said that both cities and individuals wanted "contradictions and inconsistencies" cleared up and he expressed the belief that the Supreme Court would accept the application.

He pointed out that Sierra Madre had not been affected by the new decision, since it draws from the Eastern Basin and Goodspeed was denied rights in the Eastern section. However, Sierra Madre joined in the petition for the Supreme Court application in order that the issues be clarified.

Progress on the Sierra Madre-Arcadia application for additional water from the Big Santa Anita Canyon is temporarily halted, Mr. Reynolds said, until the Raymond Basin question is settled.

Some preliminary work has been done, he reported, and engineering data is being compiled.

A blank check, made out to the youth of the city is printed on another page of the NEWS, reminder that all monies collected go to Sierra Madre's five active youth organizations.

Burglary At Garage Nets \$200 Tools

Apparently making an entrance through an unlocked door, burglars removed a \$200 chest of tools belonging to Russell Mattos from Stoddard and Guthrie's garage at 345 West Sierra Madre Blvd. last Thursday, according to police report.

Theft of the chest, which weighs 80 pounds, was not discovered until 7 a. m. and it is believed that entry was made between midnight and then.

A previous theft of a set of expensive dies also was reported and police, who are continuing investigations, believe someone familiar with the lay-out may be involved.

FIRE ALARM ALARMS

The 3 - 5 blast on the fire siren Tuesday sent all the business people out on the sidewalks and the northerly residents into a panic. The fire proved to be a regulatory burning-off of lots on Camillo Street by the City, but reveals Sierra Madre's necessary awareness of fire.

As Chief Heasley says, "Can't take time to go up and look at it first—best to get there with equipment and quick."

Barking dog! What, again?

Children playing in street... Burning out of hours... Wild rifle shots ripping thru' the brush near the Circle H Ranch. Things are not THAT wild around here... Cocker Spaniel gets poison on two occasions... Officer Rhodes, our new hand, some one, found that a dog, reported sick, was well and ready to play... Rhodes picks up another stray dog... Someone burning garbage. Phew-ee!

Grass fire in Arcadia!... Motorcycleists failed to stop at the end of Sturtevant Road and continued along the narrow trail. Objections were in order... Sparks from cycles will start brush fires... Lady lost a scarf. Woven yarn, green in color... Trouble when one party objected to the noise of his neighbor's radio, the other objected to his neighbor's taking too many baths. And so on. A good job for a lawyer... City employees burning weeds throughout the City caused several calls to the station... Prowler... Burglary. Investigated by Chief McMillan... Warrant to be served... Missing boy... Dog chasing cars. Fun for the dog, but dangerous. It causes the driver to swerve. Owners should train their dogs to stop this... Possible drunk driver. A serious and dangerous, murderous offense. If you drink, take a taxi... A runaway car visits a peaceful lady who wonders why the car failed to go elsewhere.

Boys and girls about the age of seven gathered up the flags from the cemetery and formed their own parade. The cops had to inform that after all, that wasn't the thing to do... Fire on the Hastings Ranch. HELP! Sierra Madre responded... Water leak!... Barking dog! Can you imagine that!... Stolen car! Found in short order... Report of a fight. What the heck is becoming of us?... Another stolen car report... Car recovered. Don't leave the car keys in the switch. This assists the thief... Some of our locals who fail to recognize the seriousness of moving a car without permission, had better read up on the law to this effect. When spending days in jail, there is ample time to meditate... Hi Embree, the police station sage was called to investigate a car with two revolvers on the front seat. Rushing to the scene, Embree cautiously approached the car and as he stealthily crouched 'neath the front door, his gun cocked, his hackles up, he was surprised to find that the car was without occupants. Upon opening the front door, he was surprised to see two very dangerous looking pistols in prominent view on the front seat. With a quick swish, he grabbed the guns, which, on close examination proved to be cap pistols left by visiting children, who had arrived in Sierra Madre the night before and were Hi' was chagrined and relieved as were the people who first glimpsed the guns, sleeping peacefully at the time.

Los Angeles county government cost \$105,148,667 for general government purposes for the year ending June 30, 1946, the last completed fiscal year, California Taxpayers' association said today.

Biggest item of county expenditure was \$68,623,649 for charities and corrections. Expenditures for general government amounted to \$14,718,781, for protection to persons and property \$7,986,878, for health and sanitation, \$3,189,851, for highways and bridges \$6,210,255. Remainder of the county's payments for general government costs went for recreation and miscellaneous items.

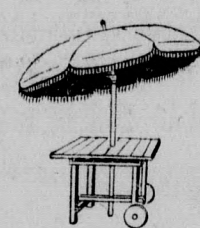

"Active citizen participation in budget hearings is one way that people can be sure they have done their part in the drive to hold county and other government expenditures within their bounds," the Taxpayers' association declared.

Fines Levied
For Battery In
Tuesday's Court

Jack D. Graham, 29 Windsor Lane, was fined \$50 by Judge Eaton in Tuesday's court on charges of battery. According to police, the attack took place in the City Hall when Graham struck Richard K. Wheeler. He was arrested by Officer William Chunn.

As the result of cross-complaints filed with the police, both Jules Dworetsky of 225 N. Lima, and Meyer Kaplan of the same address, were fined by Judge Eaton. Kaplan filed a complaint of battery against Dworetsky, who then filed a complaint of "unnecessary noises" issuing from Kaplan's radio in violation of a city ordinance.

Dworetsky was fined \$10 on battery charges and Kaplan \$5 on the ordinance violation.

SCHOOL'S OUT

June is the month when school doors bang shut for the summer—and the screen doors begin to swing and slam all day. Teacher goes to summer school or gets a job to supplement her salary, and the full responsibility for Junior's care is handed back to Mother.

The traditional summer-long school vacation originated in the days when children were badly needed to help with the myriad chores that multiplied during the warm months when most homes were farms, and pretty self-sufficient establishments. Farm kids, of course, still can find plenty to do to keep them out of mischief, but in the towns and cities, time is apt to hang heavy—as far as parents are concerned—and the problem of what to find next to occupy the offspring is often a plaguing one.

By the time school bells ring again in the fall, the delicious novelty of having the school-age young fry home all day may have palled a little for many mothers. But the kids? Whoever heard of a sunny day, or a whole summer of them, being long enough to encompass their programs?

Johnson-Groth Wedding In Chapel Of Roses Saturday

The marriage of Margaret May Groth, daughter of Dr. George W. Groth of 223 Santa Anita Court, to Robert Arthur Johnson, son of Mr. and Mrs. Rex H. Johnson of Big Bear, was solemnized before eighty guests Saturday morning in the Chapel of Roses in Pasadena. Rev Paul V. Goodwin of the Monrovia Baptist church officiated.

The bride, who entered on the arm of her father, was lovely in white jersey trimmed in black and wore a picture hat of the same color combination. She carried a bouquet of pink and white roses.

Her only attendant was her sister, Dorothy Groth, who wore pink crepe with a corsage of sweet peas and delphinium.

The groom was attended by his brother-in-law, Joseph Klump, of Alhambra.

The new Mrs. Johnson, a graduate of PJC, spent three years in the WAC, with one year in the South Pacific while her husband, a graduate of El Monte High School, was discharged as a captain after five years in the Infantry. He is at present an employee of the Bell Telephone Company in Los Angeles.

The newlyweds will be at home at 28 North Baldwin avenue upon their return from a week in Santa Barbara.

Graduate 4 S. M. Students From M.A.D.

Four Sierra Madreans were a part of the second largest graduating class to receive diplomas from Monrovia-Arcadia-Duarte High School last Thursday.

Elsie Williams, Geraldine Ward, Dorene Van Iersel and Forrest Besocke took part in the exercises at which Elwood T. Bailey, secretary of the San Diego Convention Bureau, delivered the commencement address.

The popular capella choir of the high school also appeared on the program which graduated 230 senior students.

As far as statistical evidence is forthcoming, there is a preponderance of males at birth throughout the human race.

New Budget Submitted To School Board

New salary schedules for the coming year were taken under consideration by the Sierra Madre School Board last Wednesday when Supt. Charles A. Skutt submitted the tentative budget. A budget report will be given by the board at a July 1 meeting.

It was decided to employ a vice-principal next year on a half-time basis.

Summer school will open July 7 and continue through August 2. It will be in session from 9 until 12 and those wishing to enroll should do so at the school between now and opening day, officials announced.

Lions Start League Games Through Area

A badly crippled Lions Club announces plans for organization of a Soft Ball League with brother clubs in neighboring cities, according to out-fighter Lloyd Welch.

Members hope, when recovered, to exchange games with Temple City, Arcadia, Altadena and four other neighbors.

It all came about after Tuesday's business meeting when the group sortied over to Temple City to drop a brilliant soft-ball game with a 13-7 score.

Participating in the game and passing the Sloane's around now are "Doc" Wall, Joe Custer, Lorne Pratt, Joe Maple, Sam Davis, Dan Davis, Lloyd Welch, Clem Eckerman and Harold Drury.

McGill Home Is Purchased By Richfield Executive

The Bruce McGill home at 506 West Grandview was sold last week to Stender Sweeney, executive of the Richfield Oil Co.

Mr. and Mrs. Sweeney, formerly of Pasadena, will take occupancy July 1, along with their five children, four of whom will be enrolled at St. Rita's school for the coming year.

The eldest son, Timmy, is a student at Wilson High. The other youngsters are Pat, 11; Martha, 7; Stender, 5; and Carol, 2½.

Mrs. Sweeney has been active in Scouting in the Pasadena area.

FIRE FLAMES

A fire in the mountains above Monrovia and the grass-fire that burned across the Hastings Ranch on the same day are evidence that all our care is necessary to keep treacherous flames from our borders. We cannot help but express our sincere appreciation for the wholehearted support of our loyal citizens who so earnestly do everything possible to prevent fire.

Our local firemen responded to a request to give aid in fighting the fire that so recently threatened to jump Sierra Madre Boulevard and enter the mountain area. Although out of the City of Sierra Madre, the work of Sierra Madre's men was of great benefit, and because the fire failed to reach the brush of the mountains, we feel that the effort was well worth the risk.

The drill contest has finally come to a close. George Norris' team was winner and the long-looked-for dinner at Bob's and Thelma's will be a thing of the past when this is read. The losers of the contest were good sports. When a member of the winning team suggested that every fellow look after his own expense—the losers unanimously disagreed and voted to pay. And knowing firemen as this reporter does, they WILL pay.

Arrangements are being formed for the success of the coming Fourth of July Picnic that is held annually by the firemen. It will again be held at the home and on the grounds of Mr. and Mrs. B. C. McDonald who so graciously invited the firemen to their place. The address is 391 N. Grove Street.

Thinking that they had escaped an expected fine at meeting before last, Bob Thomas and Mercer Duff paid a heavy fine at the last for their participation in a water battle of the drill before. When the Chief is drawn into the "Spider's web" and given a ducking, seldom does the spider get by with it. These two young sprouts were in the web. John Conzelman also found that it is not too difficult to create a fine.

The drill of last week took the trucks and men into the very edge of the brush area. Getting acquainted with the obstacles of grades and short turns, the trucks were driven to the end of Sturtevant Drive and to the steep grade of Alta Vista Drive. Regular drill routine was followed and again the Norris Team came out victorious. It has been definitely decided that competitive drills are very beneficial because of the anxiety and thought required. Points are lost for poor connections, wrong lays, and for mistakes noticeable to the judges. Too much speed was the loss of many points during the contest.

Plans are being made by those who expect to attend the California State Firemen's Convention to be held far in the northern part of the State. The "regulars" seldom fail to attend and among them will be Chief Heasley, Chief Norris, Milt Steinberger, Harold Spears, Bill Estes, Ray Penn, Bobby Clarke and the possibility of some of the younger blood.

And now since we are certain that the "fire season" is here we must be more careful than ever. Even though we are the most careful mountaineers along the line—we can still be more careful. We can keep an eye on the innocent newcomers who are unaware of the danger, and try together to keep the FIRES OUT.

INDUSTRIAL EXPANSION HIGH IN AREA

Capital investment in industrial enterprises in the Los Angeles area last month more than doubled the records of previous months this year.

Capital amounting to \$22,693,000 was placed in 55 new or expanded plants last May, as compared to \$9,807,000 in March the biggest previous month.

Carelessness Plus Cigarette Results in Fire

A carelessly-tossed cigarette is believed responsible for Saturday's fire that swept over 20 acres of the Hastings Ranch north of Foothill Blvd. and west of Sierra Madre Villa Ave.

Sierra Madre police and volunteer firemen aided Pasadena and county fire company in battling the two-hour dangerous and fast fire.

Forest Clerk Norman Jensen said that "hot spots" jumped far ahead of the fire and Sierra Madre would have been endangered had quick work not halted the disastrous progress.

BALLING BABY TALK

By Maxine Balling
THE CASE OF THE BITING TURTLES. If you are one of these mothers who has difficulty keeping baby's bib up under the chin, or if you want a little inexpensive gift that's cute and different, see the "Twin Turtle Bib Holders." They're pink or blue plastic clasps designed as turtles, and connected with matching adjustable ribbon. The little turtles bite and hold onto a towel or napkin, and it makes a perfect bib. And they're only 50c at the Balling Baby Shop.

"DRI-DUCK" FOR DAMP DIAPERS. It looks like a large, square, smart handbag. There's a strap handle, and a strap extension that makes it an over-the-shoulder bag. It has a zipper top, and separate compartments for wet and dry diapers... or whatever else you might want to use it for. The material looks like leather, but it's a new vinyl plastic material, soft and pliable, water proof, mothproof, rot proof, crack proof, scratch proof... just about everything-proof, and you can clean it with one swipe of a damp cloth. You can even choose your color, Navy, red or luggage tan with white trim, or all white. "Dri-Duck" is its name, and \$4.95 is the price. It makes a dandy beach bag, too.

AMONG THE HARD-TO-GET THINGS for little girls has been rayon satin slips... NICE slips. Of course we've been able to get slips, but for some crazy reason, real nice rayon slips for girls have been hard to find for a long time. We finally succeeded in getting some NICE ones for you. They're carefully styled for fit and wear, with non-rip seams, sizes 4 to 14, in tea-rose shade. \$1.39.

IS YOUR LITTLE ABERCROMBIE A CUT-UP? More mothers have told us about their children playing with scissors, cutting up sheets, towels, and even mother's hair. Well, you can outfox him now. We have some colored plastic scissors that look like the real McCoy, but they'll cut paper only, and they won't cut fingers, and the ends are rounded for further safety. So hide the sharp scissors and plant these decoys where they'll be found by busy little hands. (10c).

You see lots of interesting little things like that at the Balling Baby Shop, which is located at 401½ South Myrtle Avenue, in Monrovia.

EXTRA \$10 TO COME IN HANDY

"Better set aside an extra \$10 bill for every \$100 you plan to spend on your vacation trip this year." Such is the advice passed along by the Automobile Club of Southern California.

In general, vacation costs are up 10 per cent over last year. In most cases lodging rates are similar to last season's, and the slight variations in expenses this year are caused by higher food rates.

Self-sealing inner tubes that automatically seal punctures and make repairs unnecessary are now in production.

Extensive Summer Program Set By Recreation Group

The Recreation Commission yesterday announced an extensive summer program of supervised sports, craft classes to include adults, and a series of Youth Dances for 14 to 17 year-olds.

Commission members revealed that there were no facilities at present to accommodate community youth dances for young persons from 18 to 21 years old.

The July and August program is as follows: For boys and girls from 10 to 18—supervised sports on the School playgrounds week days from 9 a. m. until noon. Games include soft ball, kick ball and volley ball. All ages, boys, girls, and adults—supervised crafts and hobbies at school grounds from 1 to 4 p. m.

All summer program for boys and girls from 10 to 18—supervised sports and games at the City Park grounds from 7 to 9 P. M. Activities will include volley ball, ping-pong, tether ball, shuffle board, tennis, quoits, group games and dancing in the patio.

First of the Youth dances for boys and girls, 14 to 17, will be held tomorrow (June 20) and June 27 at the City Park House. If facilities prove adequate the dances will be held there every Friday through the summer.

RETAIL TRADE UP —UP SO'S PRICE

Retail trade in Southern California continues at levels higher than a year ago, but according to the U. S. Dept. of Commerce, this advance is due in large part to price increases and not to greater physical volume of goods sold.

Retail sales gains in neighboring communities for April as compared with April 1946 were: Pasadena, 15 per cent; Alhambra, 35 per cent.
